- I. Approval of Minutes
- II. Audience Business - Limited to 15 minutes - All comments will be limited to 4 minutes per person
- III. General Business
 1. Agenda Process
 - a. Next month agenda deadline will be morning of Friday Aug. 9th so we can publish a week before.
 - b. Does a google drive link work for everyone, or should we continue with .doc and .pdf copies as well? A link would help streamline any updates.
 2. Bear Proof Trash Cans
 3. Bike Race issues discussion
 4. Sidewalk Improvements
 - a. Safe Routes to School Updates?
 - b. Other funding sources available? GOCO Grants etc?
 - c. Need for a planning effort to identify priority areas
 5. Flood recovery project updates
 - a. Can we prioritize landscaping around skatepark to potentially open that area earlier?
 6. DRBOP Properties at Apple Valley
 - a. From Greg Lowell: *The process is stalled. In fact, the PCDC had on their agenda restarting the process. Dave had mentioned last PRC meeting that he was going to check in with Paul Glasgow about where things stood.*

Just FYI, the Ecology Board will have a motion at their July meeting to forward their recommendation to the BOT to accept all the AV buyout properties for reasons of ecology, riparian habitat and possible ecology projects for LES and high school ecology clubs (for example, environmental case studies and projects such as nesting boxes). The motion is expected to pass, as we were ready to do so at last meeting and decided to write a 1-page position paper to accompany the motion,

You know where I stand on this; if someone wants to give you undeveloped land, you take it. None of us knows what AV will look like in

10, 20 or 50 years and how annexation will affect these properties. What we do know is that if left in care of Boulder County they will become weed-blighted, ignored parcels that will be posted against public access. As an example of posting against public access, see the South St. Vrain BC property; for no apparent reason, no one can access it.
