

May 2022

Boulder County continues to maintain that their Transportation Master Plan includes a regional Trail Connection from Lyons to Longmont and the St Vrain Greenway. This regional trail connection and future vision could possibly be funded with the Boulder County Transportation Tax (if renewed).

Boulder County and Cyclists for Community are moving forward with a feasibility study regarding a safe, bike friendly route from Lyons to/from Boulder. See PDF with update in packet from Boulder County. Image below shows potential routes/options.

Monday Morning Question: What do you think of plans for an off-highway path between Boulder and Lyons? Early concept places the path on the east side of 36 for most of it.

Boulder County also noted in the CEMEX Press Release that they intend for a regional trail connection. “A trail easement would be established along St. Vrain Creek for future use as part of a regional Lyons to Longmont trail.”
