ORDINANCE  
 MOTION / RESOLUTION  
 INFORMATION

---

**I. REQUEST OR ISSUE:**

This resolution approves a contract with A&R Fence, LLC., a fencing contractor, for Construction Services to add/complete chain link fencing at the Lyons Recycling Center.

**II. RECOMMENDED ACTION / NEXT STEP:**

Approve Resolution 2022-53.

**III. FISCAL IMPACTS:**

The Town has budgeted \$25,000 for this project in the General Fund under Capital Projects for 2022. The estimate being recommended is proposed at \$19,910.41.

**IV. BACKGROUND INFORMATION:**

Through flood recovery efforts and the completion of the Wastewater Treatment Plant Facility and continued parks projects, including Lyons Valley River Park and the 2<sup>nd</sup> Avenue Parking and Trailhead area, staff had recommended and presented that the existing fencing from the northeast corner of the Recycle Center be tied into the existing fencing on the southwest corner (please see diagram and photos in Exhibit 1). Currently quite a bit of trash blows from this area into adjacent private properties and into the river corridor and park areas. This fencing should help to contain some of this debris and assist with further securing the area.

Staff put the project out for estimates and received several quotes. A&R Fencing was the lowest qualified contractor. The fencing specs for the existing fencing were supplied and will match what is on site. There will be two gates added for access on the east side for maintenance.

**V. LEGAL ISSUES:**

None

**VI. CONFLICTS OR ENVIRONMENTAL ISSUES:**

Portions of the area may need to be blocked off during the month of June. It may be dusty at times.

**VII. SUMMARY AND ALTERNATIVES:**

The alternative is to not perform the restoration/renovation at this time.

**PROPOSED MOTION:**

**"I move to approve Resolution 2022-53, A Resolution of the Town of Lyons, Colorado Approving a Construction Agreement for the 2022 Lyons Recycle Center Fencing Project with A & R Fence, LLC.**
