

Board or Commission: _____HPC_____ No Comment

Top Three Concerns from Board and Commission Perspective:

- 1.
- 2.
- 3.

Suggestions or Conditions that Board and Commission would like to offer:

- History Colorado and state future development growth for town. Can Colorado State be asked to intervene?
- We are creating our history now and the sooner this environmental mess is cleaned up the better.
- Goes against all of Boulder County's core values to support the use and development of a multinational polluter. The conversation needs to be weighed more heavily towards how and when the plant will cease operation and how to clean up the site and less towards how to support continued operation.
- Adding 1800 acres of open space to Boulder County's already 100,000 acres is not enough of an incentive for at least 15 more years of carbon emissions with an uncertain end date.
- Especially while the Federal Supreme Court scrambles to roll back EPA restrictions it becomes a community priority to make our environment safe.
