Memo regarding Lyons Interest in NEVI DCFC Plazas Grant application

The Town of Lyons is interested in finding out if the property with the legal description LOT 3 LYONS MUNICIPAL CENTER, also known as Sandstone Park, would be a good location for a NEVI compatible fast charging station. The Town of Lyons is the owner of the property, and should we choose to proceed with the project our selected contractor would have access to the property. The property currently has a level 2 charging station.
