BOT MEETINGS

The Board of Trustees meets on the first and third Wednesday of each month. The public is always welcome in person or virtual. Agendas are posted on line.

BEARS ARE BACK

With the warm weather, bears are coming out, and they will start looking for food and getting into trash.

Taking precautions now, locking up trash and other potential food sources from bears is important for preventing them from becoming habitually reliant on these sources for food. Bears become more of a risk when they associate humans with a food source.

Your help is needed to protect these animals and protect the public. Garbage kills bears.

HISTORIC PRESERVATION MONTH

Celebrate the heritage that makes Lyons special during May. From the native americans who lived in this area to the quarrymen, farmers and businesspeople, who built up the town on the banks of the St. Vrain, many people left their mark on Lyons – you are surrounded by history.

Follow our social media posts and share what you LOVE about Lyons!
