<u> </u>	INFORMATION

I. REQUEST OR ISSUE:

DOLA IHOP Grant – selection of consultant and signing of the contract.

II. RECOMMENDED ACTION / NEXT STEP:

Approve selection of consultant for IHOP Grant and execute contract with consultant, Bohannon Huston Inc (BHI).

III. FISCAL IMPACTS:

The DOLA grant is for \$60,000; BHI's Not-To-Exceed in the contract is \$54,551.45

IV. BACKGROUND INFORMATION:

In 2022, Director of Community Relations Mitchell applied for a DOLA grant opportunity that would assist the Town in understanding the status, the gaps, and the solutions within the affordability sphere of housing. Lyons was selected by DOLA earlier this year to receive a \$60,000 planning grant – the IHOP – to ascertain this current condition of housing availability at all levels of type and price structure, and from there determine potential paths forward for enabling novel approaches to tackling the intractable issue of housing affordability in our jurisdiction. The money is to be spent on a consultant, who will perform analysis of our housing, our potential housing capacities, possible code changes, grant funding, partnership, and more, all to assist in alleviating the constantly upward migrating cost of living within Lyons.

V. LEGAL ISSUES:

None.

VI. CONFLICTS OR ENVIRONMENTAL ISSUES:

None.

VII. SUMMARY AND ALTERNATIVES:

Staff Findings of Fact

Administrator Simonsen, Chair of Housing and Human Services Commission Sparks, and Planner Kimmett (the Review Team) reviewed and scored the three proposals received in a duly expressed Request for Proposals. The Review Team found the BHI proposal to best satisfy both the requirements of the DOLA IHOP Grant and the desires of the Town to better understand our housing status and offer approaches to address the dire current dearth of affordable and attainable housing options.

The Grant process will be managed by Planner Kimmett and Finance Director Eyestone over the course of 2023. The end deliverable will be a document that will guide Lyons into a hoped-for more equitable, sustainable housing future.
