Reference: Bohn Park Flood Recovery Project PW 20E-1– Construction Bids

Dear Dave,

On Wednesday November 9, 2016 bids were received for the Town of Lyons Bohn Park Flood Recovery Project PW 20E-1. Five bids were received for the project. The project was bid in order to allow for a selection of phasing options based on bid results and Town cash flow capabilities. Upon review of the bids, discussions with Town staff, and direction from the Town Board of Trustees, it is being recommended that the Base Bid and Bid Alternate 4 for water line construction be awarded to DeFalco Construction for a price of \$4,076,486.18 for the Base Bid and \$260,597.03 for Bid Alternate 4.

Based on bid evaluation and verification that the specified company is in compliance with all stated drawings and specifications and qualifications requirements, S2O recommends that the Base Bid and Bid Alternate 4 for the Bohn Park Flood Recovery Project PW 20E-1 project be awarded to DeFalco Construction.

Sincerely,

S2o Design and Engineering
