

Post-Event Report:

2025 Old Man Winter Bike Rally & Run

Our 11th annual Old Man Winter was a great success with more athletes than ever before taking on the mixed terrain courses! WIND was the theme at the afterparty, but we found a way to survive the 70 mph gusts and celebrate the Epic Winter Adventure!

Over 1600 riders and runners took on the Old Man Winter Rally this year. 500+ spectators came out to cheer for their favorite winter athletes, creating a total attendance of approximately 2250.

New elements for 2025:

- New Bike courses: 23 mile brand new course, 40 and 75 mile added a loop around Boulder Reservoir.
- Two wood stove saunas and 4 cold plunges at the after party
- Denver packet pick up location.
- Expanded training program with 2 virtual rides.

Marketing Strategy

We continued to focus on the fun and adventure of the event, rather than elite competition. As a result, there were more 23 mile course participants than the 75 mile course. We received some solid media coverage and the amount of peer to peer images shared was tremendous due to the great photography and weather.

Thinking ahead...

Our goal is to grow the Old Man Winter Bike Rally & Run into one of the country's top endurance festivals - regardless of season.

Here is what we are working on to make this a reality:

- Evolve the courses to maximize fun and camaraderie
- Bring on a running event manager to enhance run experience
- Always improve the after party with more amenities and fun
- Expand the community training into an annual program
- Work to attract more beginner and 1st time participants
- Add more bands

THANK YOU so much for your support. We look forward to working with you again in 2026!
