How long have you lived in the Town of Lyons?	Six years
Why are you interested in serving on the Board of Trustees, and what contributions do you feel you can make?	By weighing in on major and seemingly minor issues, Lyons' Trustees contribute explicitly and subtly to the preservation and evolution of our community - including its shared values, economic vitality and built environment. I want to add my own listening and management skills to the other Trustees' efforts to protect and strengthen our Town.
What do you feel are the most pressing issues facing Lyons?	Lyons is its own lovely place, cherished by residents and visitors from many walks of life, but it doesn't exist in a vacuum. It is impacted by, for example: its geographic surroundings, Boulder's culture, CDOT's highways, and the national housing crisis. I think the central issue, for Lyons and its Trustees, is how to balance our unique qualities and limited finances, in the midst of this swirl of internal perspectives and external pressures.

Where did you live prior to moving to Lyons?	Washington DC, Boston MA, Houston TX, Vancouver WA.
Why did you choose to locate in Lyons?	I wanted to move back to the West, to a more personal place, and I spent four months exploring eight states. While pausing in Lyons for a month, I realized that the place I chose to rest was where I wanted live. It had strong, smart, cool people doing their own thing; plus easy access to other towns and cities, and to phenomenal parks and mountains. Not surprisingly, I chose Lyons for the very same reasons that make protecting it both important and challenging.
