THE JUDICIARY

HOUSE COMMITTEE ON  
NATURAL RESOURCES

SELECT COMMITTEE ON  
CLIMATE CRISIS

HOUSE OF REPRESENTATIVES  
WASHINGTON, D.C. 20515

September 18, 2019

Lyons Town Hall  
432 5<sup>th</sup> Ave  
Lyons, CO 80540

To the members of the Lyons Board of Trustees:

I am writing to congratulate you on Lyons being recognized as a “tree city” by Tree City USA. As the Representative for Colorado’s Second Congressional district, I am so proud to see local leaders recognizing the importance of trees to our communities and our environment. Thank you so much for your leadership in this cause!

Being recognized as a tree city for 32 years is no small achievement, and your city should be proud of its legacy as a tree city. This honor recognizes a commitment to environmental stewardship, a shared community purpose, and countless hard-working citizens coming together to create a positive impact on their community. Trees can benefit cities in so many ways, including reducing energy costs, improving air quality, and building stronger ties to one’s community. I look forward to seeing Lyons experience the benefits of being a tree city for years to come!

Congratulations again on your recognition as a tree city and I look forward to my next visit to Lyons!

Sincerely,

A handwritten signature in blue ink that reads "Joe Neguse".

Joe Neguse,  
Member of Congress
