Hi Marissa,

As a resident of Lyons and as someone who volunteered on the Housing Committee created in the wake of the recovery efforts to build back housing lost after the flood, I care about this issue and want to offer my support in bringing affordable housing to the community.

Unfortunately, I can't attend the Planning and Community Development meeting on Tuesday evening so, I am writing to put my support towards the affordable housing project that has been proposed in Lyons by Summit.

Best,

Susanne
