

OUTFALL FINAL CONNECTION

NOTICE OF ACCEPTANCE

Date: July 13, 2021

RE: **Outfall Extension-Final Connection**

As described in the Invitation for Bids

This is to inform you that the above referenced project has been satisfactorily completed in accordance with the Contract documents and is hereby accepted.

Once retainage invoice is received final payment will be made on or about August 6th

Final acceptance does not relieve the Contractor of the minimum one (2) year guarantee on all work and materials incorporated into this Project. Such guarantee shall begin on the date of this acceptance.

Town of Lyons, Colorado, Owner

Town Administrator

Memorandum

Date: July 13, 2021

Project: Wastewater Treatment Plant Outfall
Project No. 20-WWTP Outfall-01

To: Tracy Sanders
Town of Lyons Project Manager

From: Chris Jain
MurraySmith, Town Engineer

Re: Certificate of Substantial Completion

Reference is made to the Wastewater Treatment Plant Outfall Construction Contract between the Town of Lyons and Cap Excavating & Demolition dated April 27, 2021, and Substantial Completion notification from the Contractor dated July 7, 2021.

The Contractor has completed all the work for the Wastewater Treatment Plant Outfall, Project No. 20-WWTP Outfall-01, as outlined in the Project Manual, and summarized below:

- Cut and capped both ends of the temporary outfall line.
- Removed approximately the last 20 feet of the temporary outfall at the creek bank.
- Connected the previously constructed permanent outfall line to the discharge line from the Wastewater Treatment Plant.

The contractor videoed the entire permanent outfall line, from the Wastewater Treatment Plant to the outfall at the creek, and provided those video recordings to the Town for its records. The videoing of the sewer was completed to check the permanent line's condition prior to making the switch over from the temporary outfall to the permanent outfall. The line was in acceptable condition with no concerns noted. All work has been inspected and found to be acceptable.

It is our recommendation that the Board of Trustees accept the public infrastructure installed as noted with a warranty period beginning on July 7, 2021, and therefore expiring at the end of the day on July 7, 2023.

Thank you,

Chris Jain, Project Manager
MurraySmith, Town Engineer
