ORDINANCE
 MOTION / RESOLUTION
 INFORMATION

- I. REQUEST OR ISSUE:**
This resolution awards and approves a construction agreement with NICX for the Great Outdoors Colorado (GOCO) funded project for Black Bear Hole (BBH) and 2nd Ave Trailhead improvements.
- II. RECOMMENDED ACTION / NEXT STEP:**
Approve Resolution 2022-04
- III. FISCAL IMPACTS:**
Expenses for this Construction Agreement are eligible for reimbursement through a GOCO grant
- IV. BACKGROUND INFORMATION:**
This project scope includes improvements at Black Bear Hole and the 2nd Ave Trailhead.
- The BBH location will include streambank improvements where there has been some heavy erosion, in addition to improvements to landscaping, irrigation, and adding parking stops and kiosks.
- At the 2nd Ave Trailhead, improvements will include adding parking stalls, wayfinding signs, irrigation, landscaping, and a prefabricated restroom.
- **There is an opportunity to extend the concrete path coming from the top of 2nd Ave on the east side of the bridge down to the existing path along the river.**

The additional concrete estimate is \$28,000, however, there are not enough grant funds to add this section of concrete. It was suggested to be added for the safety of pedestrians and bicyclists because of the steepness of the path coming down to meet the path along the river. If the Board would like to utilize Town funds for the additional concrete, please advise staff.
