Subject: In Support of Hotel

Hello!

I am writing to express my support of the Moss Rock Development project for the hotel on Main Street.

I have been a resident of Lyons for over 30 years and I see this project as a benefit for the town by serving as an “anchor” business. It will give people visiting Lyons for music events or weddings or outdoor adventures an option for staying in Lyons. They will then eat and shop in Lyons and discover other services here.

The developers are local people and I believe they have the Town’s best interest in mind and will make the hotel fit in with the local character of Lyons.

Thank you for your time ~
