Hi,

I am fully supportive of the hotel. I think there is a way to make everyone happy though. The idea is to ensure everyone's concerns are addressed: parking, profit, employee housing and atheistic's.

Why not allocate a dozen+ of the 80 rooms to employees and/or affordable long term housing options. The design could ensure maybe a separate entrance from the hotel. Also can there be underground parking to alleviate the downtown parking limitations.

Just my two cents. I own a media and marketing company and have lived in Lyons for 13+ years. We def need development and I believe there is a way to make everyone happy & profitable.

Best,
