### A WORD OF THANKS.....

The Town of Lyons, would like to extend its deepest gratitude to everyone that put forth such a tremendous effort this year to help make the 17th Annual Lyons Outdoor Games, and the 43rd Annual Good Old Days Celebration a great experience for the Lyons community. All events were well received and it was a pleasure to see the community work together to ensure their continued success. It would be impossible to put on these celebrations without the support and assistance of all if the wonderful volunteers and sponsors. Thank you!

## FATS, OILS AND GREASE

A byproduct of cooking, grease comes from meat fats, oil, shortening, butter, food scraps, baking goods, sauces and dairy products. When washed down the sink, grease sticks to the insides of sewer pipes (both on your property and in the streets) Over time, it can build up and block the entire pipe. It can also be a problem for the Town of Lyons' sewage collection and treatment system.

Help prevent sewer issues/overflow:

- Never pour grease down sink drains or into toilets.
- Scrape grease and food scraps into a container or trash for disposal.
- Put strainers to catch food scraps and other solids, emptying them into trash.
- Do not use the toilet for disposal of food scraps, sanitary items, rags, cloths or towels.

Keep these foods out of all drains!

- Meat Fats (bacon, sausage)
- Lard
- Cooking Oil, butter or margarine
- Food scraps
- Baking products
- Milk, ice cream, yogurt, sour cream
- Cream based sauces, salad dressings, cheeses, mayonnais
