BOT MEETINGS

The Board of Trustees meetings are held on the first and third Monday of each month at 7 pm, unless it is a holiday. The public is always welcome.

BEARS ARE BACK

With the warm weather, bears are coming out, and they will start looking for food and getting into trash.

Taking precautions now, locking up trash and other potential food sources from bears is important for preventing them from becoming habitually reliant on these sources for food. Bears become more of a risk when they associate humans with a food source.

It is very important for us to protect these animals and protect the public, and that is the responsibility of our community. Garbage kills bears.

HISTORIC PRESERVATION MONTH

Celebrate the heritage that makes Lyons special during the month of May, which is Historic Preservation Month. Take a walking tour of our historic architecture or snap some photos (#lyonshistory) of places in town that matter to YOU!

No construction debris or treated lumber. No nails or wire in limbs. It will not be picked up.

SANDSTONE SUMMER CONCERT SERIES!

The annual Sandstone Summer Concert Series is moving to **Wednesdays!**

Based on input from the local business community and after checking in with our small, independently owned businesses, the feedback was that Wednesdays would be more welcomed by our local businesses, who continue to establish and grow their roots in Lyons. The 2022 series kicks off on Wednesday, June 8, through Wednesday, August 10th. We look forward to our partnership with the Lyons Community Foundation, who's grant funding greatly supports this annual 10-week concert series.

The concerts are free and it's a great way to meet new friends and reconnect with your neighbors and long-time friends.

EMERGENCY WARNING SIRENS TESTING

Boulder County has begun testing of the countywide emergency sirens. The audible siren tests take place on the first Monday of each month, from April through September and occur twice on each testing day, at 10 a.m. and 7 p.m.

Siren tests ensure that all systems and procedures are working properly during the season of peak flood and fire danger. Should Boulder County experience severe weather during one of the planned audible tests, the siren tests for that day may be cancelled.
