## PUBLIC ART SHOW

Join us Wednesday, July 6th from 5:00 pm - 6:30 pm for a public art show at Town Hall and the Library.

## BEARS ARE BACK

Locking up trash and other potential food sources from bears is important to prevent them from becoming habitually reliant on these sources for food. Bears become more of a risk when they associate humans with a food source.

Please keep your trash in the garage or secure it until the morning of your trash pick up. Do not put it out the night before.

Let's protect these animals and protect the public. It is the responsibility of our community. Garbage kills bears.

## TREE LIMB DROP OFF SUCCESS

The Town of Lyons, Boulder County and the Wildfire Task Force are pleased to share that nearly 110 residents in Lyons and unincorporated Boulder County took part in the drop off event.

This local effort helps to reduce wildfire risk with wildfire mitigation. We will let you know about future events.

## LYONS KIND #CHOOSEBOTH

We've adopted a community attitude of kindness to share with one another and those who visit us. Let's remember that the great qualities which drew so many of us to move to Lyons – a small-town vibe, fun retail shops and restaurants, easy access to open space, the river corridor and our great parks – are the same qualities that folks who visit Lyons also like to enjoy.

## COMPREHENSIVE PLAN GIVE YOUR INPUT

The updated Comprehensive Plan for Lyons is beginning to take shape. The Plan will articulate the community's shared vision for the future, identify barriers to achieving that vision, and create strategies to overcome those barriers.

All residents are asked to take the Growth Framework survey **online before July 31** at <https://lyonsthive.com>

On Monday, July 11, project team members will provide a joint update to the Board of Trustees and the Planning and Community Development Commission.

Listen in to learn more about the work completed thus far and hear about next steps. A full draft of the Comprehensive Plan will be available in early September. Stay tuned for more input opportunities!

## THANK YOU WLRV!

On Saturday, June 11th volunteers from the organization Wildlands Restoration Volunteers planted 20 trees and 15 shrubs as part of the effort to restore the riparian area near 2nd Ave and Black Bear Hole, 9 years after the 2013 flood. In total 51 volunteers worked in 90+ degree heat to get these plantings in the ground.

Wildlands Restoration Volunteers (WRV) has helped with flood recovery as well as noxious weed control in Lyons and runs over 200 volunteer projects restoring damaged natural areas around Colorado every year.
