### ***Housing Choice Voucher* (HCV, also known as “Section 8”):**

Rent assistance for individuals and families with very low income. BCHA and Boulder Housing Partners (BHP) receive federal funds from the U.S. Department of Housing and Urban Development (HUD) to administer the voucher program. “Housing Choice” refers to the resident’s ability to find the home where they’d like to live within the community. “Voucher” refers to the agreement between the resident and the administrator to share the rent payment to the landlord. Residents secure their own housing, then the administrator will pay a rent subsidy directly to the landlord and the resident pays the balance due to the landlord.

Voucher availability is limited and vouchers are provided to residents through a lottery system. Check with BHP and BCHA for when their next lotteries will be and how to apply.

**Project-Based Voucher (PBV):** Offers rent assistance tied to specific rental units. Eligible residents can receive affordable housing in designated properties managed by the Boulder County Housing Authority (BCHA) or Boulder Housing Partners (BHP).
