WEDDINGS AND EVENTS

The Town of Lyons is a statutory Town in the State of Colorado, meaning that all sales tax (local, county, district and state) must be remitted to the state. Sales of food or other taxable items in Lyons must be reported as a sale in Lyons, and not in the out-of-town vendors' business location. Town staff and the Colorado Department of Revenue regularly monitor compliance.

If your venue includes food or retail sales of any kind, you must collect a copy of all vendors' current sales tax licenses and provide each vendor with the application to remit all sales tax to the State of Colorado.

All wedding services providers, whether offering taxable services or not, should have a Lyons business license.

The Town of Lyons and the State of Colorado mandate full tax license compliance prior to approval of any event permits.

FOOD TRUCKS AND MOBILE VENDORS

All mobile food vendors are required to hold a Town of Lyons business license. There is a separate application on the Town's website for Mobile Food Vendors to apply for the Mobile Food Vendor Business License.

Mobile food vendors and caterers making sales of food or drink in Colorado are subject to sales tax licensing, collection, and filing requirements in the same manner as any other dining establishment.

If you are a licensed Mobile Food Truck and need to apply for additional locations in the Town of Lyons, please submit the Additional Locations for Mobile Food Vendor Form, which is also found online.
