

"HEART OF THE MATTER"

This current exhibition features work by local artist and retired cardiologist, Linda Dole Backup.

Linda Dole Backup lights up with enthusiasm when she talks about art. She is a prolific and lifelong watercolor artist.

Originally from Tacoma, Washington, Linda moved to Lyons to practice Cardiology in Longmont in 1981 with husband, Larry Quinn, an accomplished water/environmental engineer who often worked abroad on international projects.

During her 36 year cardiology career, Linda continued with watercolor painting at her backyard red shed studio and wherever travels took them.

After retirement from her medical practice in 2017, Linda expanded into oil painting and portraiture.

She is currently studying oil painting with Reyburn Ford of Longmont and has been handily painting portraits, including one of the late Lavern Johnson which hangs in the Lyons Redstone Museum.

Linda continues to live in Lyons in retirement and, as ever, is avidly active with traveling, gardening and painting.

Linda Dole Backup doing that which she loves... painting, traveling and gardening
